

Spratt Park Pool 2014 Swim Lesson Program

Welcome to the 2014 swim season! We are very excited to work with you and help improve your swimming skills as well as your adaptability to the water!

This program is designed to improve swimming skills, learn water safety, and learn to be comfortable in the water. Students will partake in numerous water safety and water skill lessons that will provide them with the knowledge of safe pool use. They will learn safe water entry and exit strategies as well as basic stroke skills and diving skills (for upper level swimmers). Students will be placed in classes according to skill level based on the overall discretion of their instructor.

In order to be accepted into the 2014 Spratt Swim Lesson Program, this form must be completed and turned in prior to the first week of lessons. Applications will be considered on a first come first serve basis and late Application's will not be accepted. Please understand these regulations as spaces are limited. This is to ensure child safety in student- instructor ratio. Thank you for your compliance!

Lessons will be given in two week sessions and choice of session will be first come first serve
